Housing and Kitchen &
Bathroom Awards

Realise your dream home with Attard's

In the midst of the current Australian renovation mania it is easy to get carried away and forget one crucial fact: making improvements to your home is hard work! And, let's face it: most of us don't have the luxury of having a TV network fund the whole thing. It's little wonder then that most of us put home improvements in the too-hard basket and continue to make do with living in a building that's not quite our dream home.

Enter Michael Attard. Having designed and manufactured kitchens, bathrooms and various home joinery in the Sydney area for over 20 years, he's an expert in getting the job done on time and on budget. He and his wife Alison bring a personal touch that ensures your renovations reflect your dreams and desires.

KITCHENS TO THEATRES

"We're specialists at creating joinery for the entire house," says Alison. "We create everything from kitchens, home theatres and home bars through to vanities and laundries. Everything is custom designed by Michael or myself, manufactured in our factory and installed by our employees, so we can maintain stringent quality controls to ensure our clients

receive the highest standard of quality." They have the recognition to back this up: in 2010 Attard's Kitchens & Cabinetry won a HIA Australian Housing Award and they're a finalist again in 2011 in four different categories.

BESPOKE BEVERAGE CENTRES

There's even more in store for the wine lover. Given that bar areas and wine cabinets are now an integral part of home entertaining, Attard's can design and install a stylish beverage centre that will be sure to impress your guests. A custom-made bar will add both value and atmosphere to your home. And the most important part? "They save you from making repeated trips to the kitchen!" laughs Alison.

So, if you're a Sydneysider planning to remodel, make an appointment to visit Attard's Kitchens & Cabinetry's extensive Seven Hills showroom, or alternatively, one of their designers will come to see you.

Easy, affordable and personal, with Attard's your dream home will soon be realised – without a TV crew in sight.
