

Meet and greet

With a stunning outlook over a lush property, this kitchen is home to some of the best views in town

Take a seat at the kitchen's gorgeous stone island bench and you will be treated to quite a sight. Long and lean, the continuous stretch of honed and sealed, white Carrera marble features unique lamb's tongue and bullnose edges.

Designed to accommodate six, the island offers spectacular views to the outside and has been artfully positioned for an equally appealing interior.

When laying out this space, designer Michael Attard's main objective was to integrate the kitchen with the surrounding areas.

The island bench provides the perfect link with the adjacent living room. Assisting traffic flow around the larger space, the bench is the ideal vantage point and allows easy access to the different work and entertaining zones.

Opting for a large walk-in pantry and plenty of underbench storage rather than bulky overheads, the lovely high ceilings, complete with timber trimmings, are unobstructed and free for all to enjoy.

Attards Cabinetry has successfully created a warm, inviting kitchen that's become a central meeting place for the whole family.

⌚ A LONG, CONTINUOUS WORK SURFACE CAN HELP BREAK UP A LARGE AREA MAKING IT APPEAR COSY AND INTIMATE.

Fact file

The kitchen was designed by Michael Attard and built by **Attards Cabinetry Pty Ltd** 7 Bonz Place, Seven Hills NSW 2147 Phone (02) 9838 8608 Email alison@attards.com.au Website www.attards.com.au **Doors/panels** Recessed Heritage Panel **Handles** Integrated taper at top of door **Benchtop** Carrera marble honed and sealed with lamb's tongue bullnose edge **Splashback** Carrera marble **Kickboards** Brushed stainless-steel **Floor** Hardwood floor boards **Appliances** include an Ilve oven, Miele combi-oven and dishwasher, Parco down draft riser unit, highland cooktop, Franke sink and Zip unit **Zeitgeist Photography**
