

Cleverly constructed

Design and layout, together with quality workmanship, played a vital role in the success of this project

With any kitchen renovation project, it's vital to customise the finished product to suit the owner's needs. And one of the main requirements for this new space was plenty of room for family and friends to congregate and catch up.

For this reason, a large seated area has been included in the final design. With plenty of space, this natural entertainment centre is the immediate focal point when visitors drop by. It enables guests to easily chat with the cook or lend a helping hand without requiring them to enter the working zone of the kitchen.

As with any kitchen, storage and how much you can fit in the available space are very important. The owners asked for "copious" amounts of storage to be made available to ensure all items, whether used regularly or infrequently, would have a place to live. To ensure this requirement was met, the designers together with Attard's Cabinetry included a range of underbench cupboards and drawers as well as an additional row of upper cabinets.

REFLECTING POPULAR TRENDS, THE REFRIGERATOR AND FREEZER ARE INTEGRATED AND HIDDEN BEHIND CABINETY PANELS FOR A SMOOTH, SOPHISTICATED EFFECT.

Of course, functionality is not the only focus of the design solution. The owners also wanted a space that would fit in with the decor of the rest of the home and not look out of place. To achieve this, Attard's Cabinetry has incorporated a number of concealed panels and cleverly introduced a shadowline to the cabinets that creates a lovely linear effect.

To continue the streamlined theme, the refrigerator and freezer were integrated into the cabinetry to further hide any modern elements that might draw the eye from the main focus of the design.

Fact file

The kitchen was designed by Huppauf Chesterman and built by **ATTARD'S CABINETY PTY LTD** 7 Bonz Place, Seven Hills NSW 2147 **Phone** (02) 9838 8608 **Email** alison@attards.com.au **Website** www.attards.com.au **Doors** Polyurethane **Handles** Madinoz **Benchtop** CaesarStone **Splashback** Glass **Kickboards** Brushed stainless steel **Appliances** include a Miele oven, cooktop and dishwasher, Fisher & Paykel refrigerator and Qasair rangehood **Zeitgeist Photography**
