- **Panels** Concealed where possible
- **Internal Hardware** Blum Tandembox
- **Handles** Recessed aluminium profile
- **Benchtop** Marble
- **Splashback** Tiled
- **Kickboards** Brushed aluminium

**The owners of** this kitchen wanted to transform a place they described as small and poky into a kitchen to be proud of and where they would enjoy spending time. The result is a kitchen renovation that has abundant character, functionality and style.

Blum Aventos doors, an integrated fridge and freezer combination, recessed aluminium-profile handles and a marble benchtop combine to bring a sleek and modern look to the space. But there are some subtle touches of heritage and history in this kitchen, too, with a porcelain sink, gooseneck taps and kitchen stools bringing an element of times gone by.

Attard's Cabinetry has been handling kitchen design and renovation projects in the Sydney area for more than 20 years and is well versed in delivering kitchens that meet their clients' design brief and budget.

There is a wide range of solutions and options to suit all design tastes and budgets with finishes and materials available for your kitchen including

engineered stone, glass, granite, laminate, limestone, marble, polyurethane, stone, stainless steel and timber.

Years of industry experience in creating innovative kitchen designs ensure, as is shown in this kitchen, that the end result is a space that becomes the heart of any home, whatever design and materials you choose. Attard's Cabinetry will help you create a kitchen that is both aesthetically pleasing and highly practical.

Kitchen remodelling is a big step and the team at Attard's Cabinetry works with customers from beginning to end to ensure the process is smooth and free of headaches and stress. Whatever style you have in mind, Attard's will bring your kitchen ideas to life.
