

A separate larder room keeps the kitchen workspace out of sight, so mess and clutter won't get in the way.

LUXURY LIVING

This good-looking kitchen is a masterpiece of open-plan design

Looking at the spacious open-plan layout of this new kitchen, it's almost impossible to imagine what the previous kitchen used to look like. It was much smaller than the new space, as it was previously a separate room to the nearby living area.

The owners called in Attard's Cabinetry, which has been in the business since 1989, to design and build their new kitchen. They wanted their new kitchen to look slick and modern with plenty of clean lines. It also had to work well with an open floor plan.

In order to create more space and a lighter, airy feel, the decision was made to open the existing kitchen to include the living area. This presented a bit of a challenge, as the living area was originally a triple garage with exposed beams. The trick was incorporating the bulkhead to work with these beams so the new gyprock ceilings would seamlessly blend in. The laundry

that backed onto the kitchen area was also relocated and that area became the walk-in larder.

The result of all this work is a practical, modern kitchen that looks right at home in its surrounds. There's ample room for a couple of people to move about with ease, along with acres of bench space for all your food prep needs.

The separate larder room boasts a stainless-steel bench and a stainless-steel-lipped floating shelf. It incorporates generous storage space and a combination oven, dishwasher, sink and fridge, meaning this area can operate as a complete kitchen as well.

On top of all that, the entire area is very pleasing on the eye. From the veneer feature panel with LED lighting to the sleek, clean lines that dominate the space, this kitchen is a perfect addition to the home.

The kitchen was designed by **MICHAEL ATTARD** and built by **ATTARD'S CABINETRY** 7 Bonz Place, Seven Hills NSW **PHONE** (02) 9838 8608 **EMAIL** alison@attards.com.au **WEBSITE** www.attards.com.au **DOORS** Polyurethane and veneer to main kitchen; laminate to larder **INTERNAL HARDWARE** Blum Tandembox drawers, custom-made sink caddy, Häfele bin system Handles Stainless-steel mitred edge **BENCHTOP** CaesarStone Organic White to main kitchen; stainless steel to larder **SPLASHBACK** Glass **APPLIANCES INCLUDE** a Miele oven, Miele cooktop, Qasair rangehood and a Miele integrated dishwasher **ZEITGEIST PHOTOGRAPHY**
